STUDENT SALES TRACKING SHEET

Due to social distancing restrictions we had to make adjustments to the pie sale. Orders need to be submitted online, and the pie pick-up has to be done off of school property.

Students have **two options** for making pie fundraiser sales this year:

(1) Supporters Order Online: Students may send their potential supporters a link to the [online pie order form](#), where the supporter may directly order and pay for their pies. We encourage students to take advantage of this option because it reduces the need to handle and track cash and check payments.

AND / OR

(2) Students Track Orders & Submit Online: Students may also take orders and track them on this tracking sheet during the sale. Then, **on or before** the last day of the sale (**Oct 16**), the **Student must complete an [online pie order form](#) to enter all of their sales.** The **Student is responsible for collecting payments for all orders** and making an online payment using the [Pie Sale PayPal option](#) (with the help of a parent or guardian) **or** submitting the collected payments to a designated Music Booster volunteer drop-off location. Please contact the Pie Sale Coordinator if you need to arrange to drop-off payment.

Only **paid orders** will be submitted to WVPC.

Students will need to pick up and deliver pies to all your supporters (whether the supporter orders online directly or the student places the order for them). Note: All items are frozen and unbaked and will need to be kept frozen.

Pie pick-up day is November 14 at the Willamette Valley Pie Company production facility, 1651 Eskay Way, **Silverton OR 97381**. Music Boosters will send out a sign-up genius in early November to coordinate student pick up times. Please note, we understand that some students might not be able make arrangements to pick up pies in Silverton, and we will work with students on this as-needed. Watch for the sign-up genius for more information.
